San Marcos Commons (Chandler, Az.)

Sometimes in our haste to move forward, tradition is left behind.

San Marcos Commons reclaims the past by blending old world neighborhood charm with the modern conveniences of a high tech city.

Because communities are built in cafes, not cars, we blurred the line between life, work and play by fusing 79 two- and three-story town homes with 200,000 square feet of commercial development

If taste, not trends, inspires you, San Marcos Commons is your rustic retreat from the ordinary.

Distinctive Mission-style architectural themes evoke memories of Chandler's roots as a hardy frontier territory.

Nestled in historic downtown Chandler, where shiny Model T Fords once traversed dirt roads, San Marcos Commons is just minutes from major city amenities.

Visit your favorite urbane gallery. Browse an eclectic boutique. Enjoy warm croissants from your neighborhood bakery. Or just stroll to work.

San Marcos Commons: restoring the timeless tradition of living well.
